PEEL *with* HEAL

PRECISE PEEL TECHNOLOGY

*Lira Clinical believes in a **HEALING** approach to PEELING. This philosophy helps optimize results with less down time.*

Lira Clinical does this by formulating our resurfacing solutions with healing minerals, botanical extracts, and plant stem cells for cellular repair.

Primer Plus Solution with PSC

Prep and degrease the skin with this sophisticated primer. Primer Plus is an absolute treatment room essential to help ready the skin before a treatment.

This innovative solution is infused with an advanced combination of acids, plant stem cells and natural extracts to exfoliate and nourish the skin.

What's in it?

pH Solution with PSC

This rejuvenating mist balances skin's pH and initiates the healing process during treatments. Infused with plant stem cells and natural ingredients this solution refreshes and cools skin to reduce inflammation. This product is packed with potent anti-oxidant, anti-inflammatory, and cell repairing ingredients that naturally energize skin.

What's in it?

Vita Brite Refresher with PSC

This exclusive Lira Clinical treatment tightens, firms, brightens, and hydrates to refresh all skin types. Improves skin's overall health, reduces the appearance of fine lines and wrinkles and calms rosacea symptoms. Contains an elite blend of vitamin C, mandelic/salicylic acid, plant stem cells, and a unique blend of botanicals. Makes a great introductory peel and maintenance treatment.

What's in it?

Pumpkin Plus Definer[™] with PSC

Renew and refresh dull skin with this universal anti-aging treatment. Packed with antioxidants, plant stem cells, peptides, retinol and skin healing vitamins this treatment leaves skin glowing and revitalized. Addresses a variety of skin conditions such as acne, uneven skin tone, and aging skin. With no down time the Pumpkin Plus Definer is perfect for on-the-go lifestyles.

Lactic Clear Definer with PSC

Correct, clear and brighten skin with the Lactic Clear Definer. This treatment hydrates, evens skin tone and corrects photo-damage, pigmentation, and overexposed skin. Perfect for all global skin types the Lactic Clear contains a unique blend of five different acids, plant stem cells, and a bold botanical formulation.

What's in it?

Hydroxy 30 Rebuilder with PSC

This glycolic and lactic treatment reduces fine lines and wrinkles, evens texture and pigmentation, and builds healthier skin. The Hydroxy 30 stimulates skin cells to thoroughly brighten your complexion. The alpha-hydroxy and retinol blend enhances the effectiveness of this treatment along with antioxidants and natural ingredients to help heal with peel.

Sal Pulp Definer with PSC

This tropical treatment brightens skin tone while managing and reducing acne.

The Sal Pulp Definer contains an exotic infusion of various fruit pulps and botanical extracts making this peel packed with antioxidants. Advanced peptides and plant stem cells help heal and rejuvenate skin back to a state of health, harmony and beauty.

What's in it?

Beta Plus Rebuilder

Ideal for acneic and oily skin this resurfacing treatment is effective in managing and reducing acne breakouts and blemishes. Beta Plus replenishes skin health and removes and balances while lightening and tightening with advanced ingredients and multiple botanical extracts. The brightening benefits of this peel help minimize the appearance of acne scars and pigment.

Mineral Retinol Solution_{with PSC}

This cutting edge retinol solution heals, restores and reveals beautiful skin. Mineral Retinol Solution has an innovative formulation infused with gold and silver minerals, plant stem cells and advanced ingredients. This solution can be used as an anti-aging treatment or a secondary booster to enhance many other treatments.

What's in it?

Mineral Jessner Rebuilder with PSC

The gold standard of chemical peels, the Mineral Jessner corrects stubborn fine lines and wrinkles, lightens pigmentation, and reduces the appearance of acne scars. The Mineral Jessner contains a healing combination of plant stem cells, green tea extract, colloidal silver and gold. This beautiful ingredient blend allows for more corrective results with less down time.

Green Power Rebuilder with PSC

This natural herbal exfoliator awakens skin with a combination of unique ingredients. You can combine Green Power with Lira Clinical's resurfacing solutions, BIO Hydrating Mineral Masque or BIO Enzyme Cleanser to reach maximum exfoliation. This distinctive product tightens and diminishes fine lines while reducing the appearance of pigmentation and acne scars.

What's in it?

Mineral TCA Rebuilder with PSC

An advanced medical grade peel designed to correct stubborn wrinkles, fine lines, photo-damage and pigment. The Mineral TCA is a powerful resurfacing and anti-aging treatment that repairs and renews skin back to a youthful state. Helps even texture and revive skin with a sophisticated formulation of healing plant stem cells, gold and silver minerals.
